

## Aluminum Pull Tabs

Please continue to save your pull tabs.

- Because of the time required to process the pull tabs at the State Session, please remove all other materials (garbage) from the containers of pull tabs before they are checked in.
- The money from the sale of tabs has gone into a fund to help support Foster Families, Cancer Research, and the Abused Children Project.
- For those of you who do your own recycling of pull tabs, you may still donate these funds to the Oregon State Grange GWA and a record of your contributions will be maintained. Do what you can. Any donation checks should be made out to: Oregon State Grange GWA. We will deliver the funds to the respective charities.
