

Community Service

For community service, each Junior Grange or Junior may submit one entry per category. All Juniors will receive a certificate and/or ribbon.

- Junior Food Drive

Junior members organize a food drive in their local area. Donate the food to a local food pantry. Write an essay between 50 and 100 words explaining what the Junior members learned from the project.

- Buy a Goat

Junior members are encouraged to collect money and donate the funds to purchase a goat or other farm animal. Junior members can solicit donations or collect cans and bottles to secure the funds. Organizations like Samaritans Purse receive donations and purchase animals. The cost of a goat through Samaritans Purse is \$70. The milk from the goat feeds infants and children starving from malnutrition. The family receiving the goat is also able to make butter and cheese for their use and to sell. The family must agree to return a female goat to the program to be given to a neighboring village to perpetuate the program. The sponsoring organization also provides the opportunity to purchase other livestock to be given to families. Juniors can make the donation directly or send the money to the Oregon State Grange Junior Department, c/o the Directors, and all the funds will be used to purchase animals.
