Ocean Scene

Create your own ocean scene in a box. Just print out sharks, whales or other ocean animals, draw some seaweed, corals and your favorite fish. Paste, color, cut, hang them in a decorated box and enjoy the ocean.

Supplies needed:

- A shoe box or slightly larger box
- Crayons and/or markers
- Tape
- Thread
- Scissors
- Optional: Pipe cleaners (great for seaweed and coral), glitter (for great bubbles), thin cardboard to glue to the back of the animals if your paper is flimsy (old cereal boxes work well), plastic ocean animals.

Find a box at least as big as a shoe box - a slightly bigger box works even better. This will be the stage containing your ocean scene. Decorate the inside of the box to look like it is underwater. Draw the water, the ocean floor, rocks, coral, seaweed, fish, an octopus, bubbles, scuba divers, a submarine, etc. Glitter makes a wonderful addition—just sprinkle some on a little glue.

Using crayons or markers, decorate the animals and plants. Also draw and decorate your own seaweed, corals and favorite fish. Green construction paper cut in squiggly strips makes nice seaweed. Cut out the animals and plants.

Hang the fish and whales in the box using tape and thread. Tape your seaweed and coral to the bottom of the box. Green and brown pipe cleaners also make nice plants.
