

# Button Design Contest

Button designs to be used as the interactive activity at log cabin and possibly other to be determined opportunities. The ideal design will promote the Grange when the finished buttons are worn by the kids in the community.

**Objective:** To create rotating original designs that will be used to create buttons. This contest will allow youth to present ideas for a button design(s). The idea should incorporate a positive reference to the Grange. The contest is looking for ideas. It is sufficient to submit your idea in a rough draft/illustration. The design ideas chosen can be developed by an artist.

**Background:** Allowing kids to color and create their own buttons is the youth's interactive task for kids the day they host the Log Cabin during the State Fair. To keep the task fresh, two designs will be retired annually and two new designs chosen so four designs are available in any given year.

**Deadline:** No later than noon on Monday of annual OSG session all design ideas will be submitted to the OSG Youth Director for consideration. Design ideas can be brought to session, mailed to OSG Youth Director or scanned/e-mailed to OSG Youth e-mail address ([OSG.Youth@gmail.com](mailto:OSG.Youth@gmail.com)).

**Selection:** Selection of winning designs will be made collectively by the OSG State Youth Committee. Winners will be announced Thursday evening during the Youth Banquet.

**Incentive:** Creator of the winning design(s) will receive a prepaid VISA in the amount of Twenty Five Dollars (\$25). Reward will be received when the winner(s) is/are announced at the Youth Banquet.
